

Frontenac State Park History

The State Legislature established Frontenac State Park in 1957. Concerned Citizens of the area formed the Frontenac State Park Association in the early 1950's to establish a park so future generations could enjoy the natural beauty and learn of the area's thrilling history and it's cultures.

The Park Association worked tirelessly within the community and at the State Capitol to ensure the area would be preserved for all times. Business and community leaders helped raise funds and donate land to help create the park. The Association has worked for over 60 years, continuing to raise money and support for park improvements.

The Park Association hosts events for every season. A Winter Candlelight Event kicks off the year. Spring activities include Bluebird Nesting Surveys. In June a Summer Open House and in the Fall, Color Activities.

To help plan these events and take part in the fun, please consider joining the Park Association.

Frontenac State Park

29223 County 28 Blvd, Frontenac, MN 55026

501c3 Non-Profit

The mission of the Frontenac State Park Association is to provide support to the park, promote community involvement and to protect park resources.

Support Enhance Protect

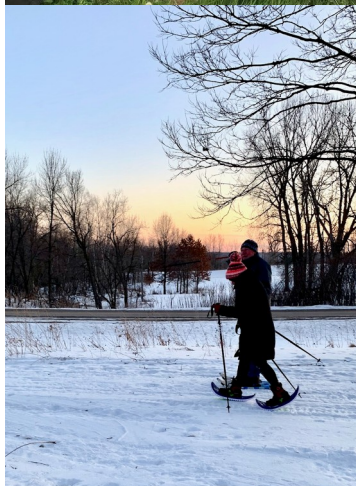

Who is the Frontenac State Park Association?

We are a non-profit, Citizen Support Organization comprised of individuals with diverse interests but with a common thread...our love of the beautiful natural resources here in the park.

We are hikers, campers, dog walkers, photographers, bird watchers, skiers, snowshoers and nature enthusiasts. What brings us together is the recreational and environmental value of one of Minnesota's most beautiful parks as well as our dedication to its conservation.

Our members contribute to the park in a variety of ways. We assist with special events and help DNR staff with projects within the park. Join us now! Become a valued member of Frontenac State Park Association.

This is what we do...

Our Goal

Build a dedicated active group of volunteers and donors interested in assisting the growth of Frontenac State Park.

Present special events and educational programs for park guests and volunteers.

Provide volunteer opportunities for persons of all ages and abilities.

Assist financially and physically with park improvements and development of additional recreational opportunities.
